

HOW TO ORDER CUSTOM SPORTSWEAR FROM A GARMENT MEASUREMENT CHART

1

Go to your cupboard or dresser and get out the polo, or if you don't have a polo a garment that is similar (like a shirt) that fits you the best.

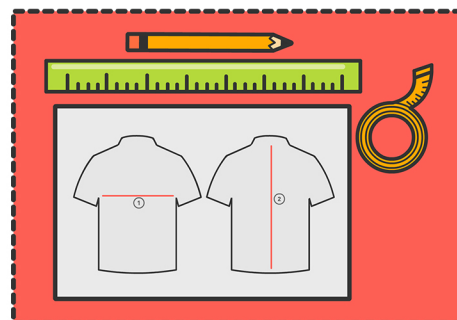

2

Take the polo and lay it down flat on a table.

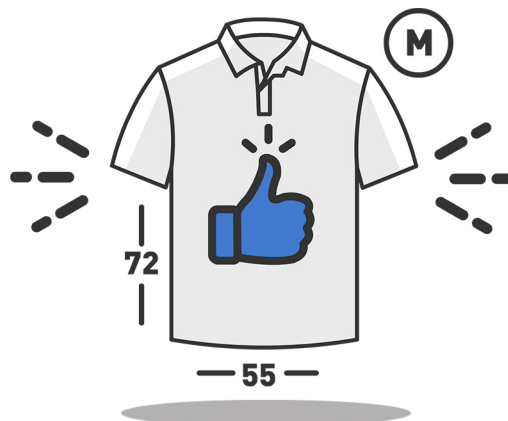

3

Get the Red Oak Teamwear Garment Measurement Chart - take note of where we measure the chest in the picture – it's about an inch down from the underarm.

4

Measure your polo straight across and compare this measurement to our Garment Measurement Chart.

5

You have now worked out what size to order using our Garment Measurement Chart.
